Re: Final Work Plan (and Field Sampling and
Analysis Plan) Change Pages and Responses to
Agency Comments

0312765079 -- Cook County
Fort Dearborn Army Reserve Center
Superfund/Technical Reports

Dear Mr. Buck:

The Illinois Environmental Protection Agency ("Illinois EPA" or "Agency") has reviewed the change pages for the *Final Work Plan (and Sampling and Analysis Plan ("SAP")) for Various Site Remediations* (Ferguson Harbour Incorporated) dated December 2001 and received January 2, 2002. The Agency also reviewed the Army's January 2, 2002 dated responses to comments, which were included with the change pages.

The change pages and responses were found to be acceptable and the Agency concurs with the document. However, one modification is requested for Figure 2-3. The figure shows the sample locations in the top portion of the figure, but the locations are difficult to decipher. Provided with this letter is the type of figure the Agency requested in comment #11 of our November 28, 2001 letter. Please incorporate this into the final version of the document.

Please place a copy of this letter in the administrative record for this site. If you would have any questions or require additional information, please contact me at (217) 785-6020 or via e-mail at Andrew.Jankowski@epa.state.il.us

Sincerely,

Andrew J. Jankowski, Project Manager
